PROHIBITIONISTS TO CANVASS STATE

Stokes Says Anti-Saloon Workers Will Mature Plans At Meeting August 3.

Kansas City, Mo., July 28.—"We are going to inaugurate a prohibition campaign in Missouri, but whether we will work for a statutory law or a constitutional amendment is yet to be decided," said Rev. Mr. Stokes here tonight. "An executive meeting of the Missouri Constitutional Amendment Association will be held in St. Louis August 3, and a plan of action decided on."

Mr. Stokes declared the entire state would be canvassed and that, being corresponding secretary of association, he had sought information from Secretary of State Roach in order to make a proper report at the St. Louis meeting.

ARBOR.

Arbor is the name by which the corners are known one mile east of Monett where meetings are held from time to time in a brush arbor.

Mrs. Dudley Crumly has been away visiting for a few days.

Fred Anderson has moved some two miles east.

The Sunday School was well attended Sunday. Mr. and Mrs. Armstrong and Albert Underwood were elected delegates to the Lawrence County Sunday School Convention held at Marionville this week, all of whom attended the convention.

D. P. Arnold preached at the Arbor Sunday night. Rev. Holcomb being away to fill his appointment near Phelps.

Regular preaching services will be held at the Arbor next Sunday.

Miss Rachel Ellis, of Greenville, Ill., is visiting her sister, Mrs. D. P. Arnold.

ROBIN.

A Night Rider's Raid.

The worst night riders are calomel croton oil or aloes pills. They raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never distress or inconvenience, but always cleanse the system, curing colds, headache, constipation, malaria. 25c at A. H. Cox & Co's Drug Store.

Lieutenant Gov. Jacob E. Gmelich is in the city and will take charge of the governor's office during the time the executive is out of the state.

Peirce City News.

From the Leader.

Miss Julia Brendlinger is visiting her relatives south of Monett.

Wheat has dropped a little and is now selling in Peirce City at 93 to 92 cents per bushel.

Several have cut their weeds and others ought to. If you haven't time to cut weeds at least trim them.

We asked one gentleman for news the other day. He said, "Well, I've been to Monett every day this week." No names mentioned. The gentleman's wife is away from home.

The officers report the Peirce City jail damp and in a very unsanitary condition. If some carpenter or stone mason could suggest the cheapest way to remedy the condition doubtless the suggestion would be acted on at once.

On last Sunday night, burglars entered the store of Locke Mer. Co., and touched the cash drawer for about ten dollars. They made good their escape leaving nothing behind but a brick and a blue handkerchief with which they broke out a window pane in the rear of the grocery department. They evidently used the handkerchief to deaden the sound.

Proper Treatment for Dysentery and Diarrhoea

The great mortality from dysentery and diarrhoea is due to a lack of proper treatment at the first stages of the disease. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effectual medicine, and when given in reasonable time will prevent any dangerous consequences. It has been in use for many years and has always met with unvarying success. For sale by all druggists.

Monday night about \$25 worth of spring chickens were stolen from Renfro's chicken house. It is now a penitentiary crime to steal chickens and some one may have to go over the road. So far no clue has been found. All large sales will be looked into by neighboring poultrymen and in that way, if no other, the thieves may be found.—Mt. Vernon Chieftain.

Postal Changes

S. M. Gains, superintendent of the 11th division of postal service was in the city this morning. The Monett and Denison division will be transferred August 1st from the 7th to the 11th division and the postal clerks on this line will be under direct charge of the chief clerk of the division at Denison, Tex., Geo. W. Ratliff. It is probable that train 3 will carry two coaches direct from St. Louis to Oklahoma City, thus avoiding the transfer of mail here. This will facilitate work here but will make it more inconvenient for the postal clerks.

Dr. Hunter of the Presbyterian church in Monett preached for the union services in the Baptist church Sunday night to a fair audience on the subject of "Romance and Poetry of the Bible." Dr. Hunter is dignified, scholarly and eloquent. His enunciation is perfect, his delivery graceful and his sermon logical. All who heard him were impressed that the preacher was master of his subject.—Peirce City Leader.

Ebenezer.

After a three weeks absence I am here again. The people around Ebenezer are as prosperous as ever. Wheat is averaging from 17 to 23 bushels per acre. Oats are good. The prospect for corn is excellent and the farmers are looking well throughout these parts.

Wheat threshing is the order of the day. Not much plowing done yet.

Mr. and Mrs. Dave McCubbin have gone to their farm near Jenkins to put up hay.

The people are beginning to wish for a good rain in these parts.

Several of the Sunday workers of this community are attending the Lawrence County Sunday School Convention at Marionville this week.

Mr. and Mrs. Lawrence Haggard passed through this community Sunday week enroute to the Old Folks Meeting at Mt. Olivet.

The sing at Liberty Sunday night was well attended.

Willie Ethridge and best girl were caught by the rain Sunday night without a buggy top. But Willie says there is one consolation about it. He didn't get his buggy top wet.

Died at the home of D. P. Arnold on Wednesday of last week, Mr. Frank Maidwell. Mr. Maidwell was about twenty years of age and a boy of the best habits. He had received license only a few months ago from the Free Methodist church to preach the gospel, which he intended to do in the near future. His funeral service was conducted by Rev. Luther Carlin in the brush arbor near his home and his remains were laid to rest in the new cemetery at that place. May God comfort his friends and loved ones in their bereavement.

BILLY BRINE.

Rebecca Francis Berry departed this life July 21, after a long illness. She was born near the Elm Branch Church in the early fifties. She moved with her parents, L. C. McNatt and wife to Arkansas where she resided till 1871 when she returned and has since made Aurora her home. She was united in marriage in 1874 to J. F. Berry. She was a faithful wife and a devoted mother and a friend to the needy and sick. For the past thirty-five years she has been a faithful Christian.—Aurora Argus.

Mrs. Berry was a half sister of L. R. McNatt of this city.

Mrs. W. R. Cooper and daughter Ruby went to Springfield Thursday for a few days visit.

Finis Stark, who two years ago, shot Miss Vinita Carnes of Neosho while she was returning home from church one night, and who was found and arrested in Salt Lake City Utah a few weeks ago is now in the Newton County jail to await trial.

Soon after he was brought back to Neosho a preliminary hearing was given him, but he waived the preliminary hearing and was bound over to the October term of Circuit Court of Newton county. He was required to give a \$5000 bond but failed and of course returned to jail.—Pineville Democrat.
